### OUR MISSION

The Association of Environmental & Engineering Geologists (AEG) contributes to its members' professional success and the public welfare by providing leadership, advocacy, and applied research in environmental and engineering geology.

### OUR VISION

AEG is the acknowledged international leader in environmental and engineering geology, and is greatly respected for its stewardship of the profession. AEG offers information on environmental and engineering geology useful to practitioners, scientists, students, and the public.

### OUR VALUES

AEG's values are based on the belief that its members have a responsibility to assume stewardship over their fields of expertise. AEG values upholding sound principles of scientific inquiry, encouraging and facilitating ongoing education and training, and building public appreciation for how environmental and engineering geology contribute to public safety.
